**Date and Location:
Wednesday
September 16, 2009**

Student-Alumni Center
800 Madison Avenue
University of Tennessee
Health Science Center
Memphis

PROGRAM DESCRIPTION AND INTENDED AUDIENCE

This is a knowledge-based CPE activity designed to provide a look into the future of patient-centered pharmacy practice. The intended audience is first-year pharmacy students at the University of Tennessee College of Pharmacy and pharmacy practitioners interested in expanding patient-care services.

FEURT MEMORIAL FUND

In addition to supporting this annual symposium, the Feurt Fund generates dollars for several student scholarships. Donations to this fund will be gladly accepted on-site at the symposium or through the Annual Giving Program of The University of Tennessee. For more information on how your tax-deductible donation can be directed to this fund, please contact Leslie Murphy at 901-448-4949 or e-mail: lmurphy8@utmem.edu.

GRIEVANCE POLICY

A participant, sponsor, faculty member or other individual wanting to file a grievance with respect to any aspect of a program sponsored or co-sponsored by the UTCOP may contact the Associate Dean for Continuing Education in writing. The grievance will be reviewed and a response returned within 45 days of receiving the written statement. If not satisfied, you may appeal to the Dean of the College of Pharmacy for a second level of review.

EDUCATIONAL OBJECTIVES

The overall educational goal of the 2009 *Feurt Symposium* is to broaden the practitioner's, faculty's and student's understanding of patient-centered care and to foster creation of a patient-centered practice.

Specifically, those who participate in this educational program should be able to:

- Discuss the role of the pharmacist in a patient-centered care model.
- List at least three deliverables that payers should expect from pharmacists in a value-based benefit design.
- Discuss two patient incentives that were part of the Diabetes Ten City Challenge.

TUITION

There is no registration fee for students or those pharmacists attending this symposium without CE credit, although a donation to the *Feurt Fund* will be most appreciated. If you desire a statement of CE credit, you may register on-site for two hours of live credit by completing a *CE Request Form* and paying a fee of \$20. **You do not need to pre-register.**

PARKING

Limited parking will be available on the first two levels of the parking garage located at 869 Madison Avenue.

CONTINUING EDUCATION CREDIT

The University of Tennessee College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This program will provide two (2) hours of *live* CE credit.

A statement of credit will be mailed within three weeks to participants who successfully complete the activity. Successful completion includes registering for CE credit upon arrival, attending the entire session, and completing the program evaluation form at the conclusion of the activity.

ACPE # 064-000-09-001-L-04-P

QUESTIONS OR SPECIAL CONSIDERATIONS

If you have questions regarding this symposium or need special accommodations such as sight, hearing or access at this activity, please call the Office of Continuing Education at (865) 974-6605 or e-mail: gfarr@utk.edu.

DISCLOSURE POLICY

It is the policy of the University of Tennessee College of Pharmacy to ensure balance, independence, objectivity, and scientific rigor in all its sponsored or jointly sponsored educational programs. All faculty participating in these programs are expected to disclose to the program audiences any real or apparent conflict(s) of interest related to the content of their presentation(s), including any corporate sponsorship of the speaker.
